**SAT Skills Insight** allows you to select a score band and practice questions in that band. This allows you to practice just on the math topics you need to improve on (1-9) and just the score band you want to achieve.

The screenshot shows the SAT Skills Insight website. At the top left is the title "SAT Skills Insight". To the right is a blue "Register" button and text indicating "Next Tests: 10/11, 11/8". Below the title are four navigation tabs: "Overview", "Reading", "Mathematics", and "Writing". The "Mathematics" tab is selected. Underneath, there is a section titled "Using SAT Skills Insight" with the instruction "Select a score band". Below this are six buttons representing score bands: "200 - 290", "300 - 390", "400 - 490", "500 - 590", "600 - 690", and "700 - 800". The "200 - 290" button is selected. Below the score bands is the instruction "Select a skill group within this score band" followed by nine buttons numbered "1" through "9". The "1" button is selected. At the bottom of the interface, the text "Number and Operations" is displayed in a green font.
