Dear Parents/Guardians:

We hope that all families are faring well during this most difficult time. Please be assured that we will regularly communicate with parents/guardians regarding our district's/school's COVID-19 plan. We also will provide you with frequent updates as we receive them from the Governor's Office, the state Department of Public Health (DPH), the Eastern Highlands Health District (EHHD) and the state Department of Education (SDE). These updates will include information regarding public health and safety and distance learning plans for students. Please also be aware that although school is slated to resume on March 31, it is possible that the length of our school closure could extend beyond that date.

We are presently awaiting further direction from the Connecticut State Department of Education regarding distance learning opportunities for our students. However, you should know that many Parish Hill faculty members have already begun preparations for distance learning and are working to determine the best way to provide instruction that will include meaningful teacher feedback. While we will endeavor to move student learning forward, we recognize that the pacing provided will not entirely match that of direct classroom instruction. As we continue to research and plan for different avenues of distance learning, you will be receiving regular e-mails from Parish Hill in the near future. They will include more information about what we can all do to help ensure our students' academic growth.

We also want to remind families that our daily "grab and go" breakfast and lunch is available for ALL Parish Hill and Chaplin Elementary School students. "Grab and go" is available from 8:00 to 10:00 a.m. (please note time change) each day in the Parish Hill Cafeteria. If you have issues regarding transportation to Parish Hill for pick-up, please contact Food Services Director Jessica Texera at [jtexera@chaplinschool.org](mailto:jtexera@chaplinschool.org) and we will make every effort to provide home delivery.

Thank you for your assistance and understanding.

Sincerely,

Kenneth V. Henrici
