Technologically Proficient, Effective Communicator**

Brian Tedeschi, Principal

Dear Parent/Guardian:

Your student was sent home after the school nurse saw sign(s) of illness such as:

- Key COVID-19 signs and symptoms:
 - Measured Fever of 100.4 or more and/or
 - Feeling feverish, chills, uncontrolled new cough, shortness of breath, difficulty breathing, or new loss of taste and smell.
- Nonspecific signs and symptoms:
 - Muscle pain, sore throat, fatigue, nausea/vomiting, diarrhea, or congestion/runny nose.

In accordance with Connecticut Department of Public Health guidance and the Eastern Highlands Health District, students sent home for the above signs/symptom(s) are required to be cleared by a primary care provider **BEFORE** their return to school. Attached to this letter is the **Daily Screening for Parents** which has the required steps.

Important information before your child returns back to in-person learning

- Review the guidance for each specific situation for which your child was sent home on the **Daily Screening for Parents**.
- If your student **did have** a COVID-19 test, the school requires a copy of the results **before** the student's return. This can be faxed or emailed.
- If your student **did not have** a COVID-19 test, the school requires a copy of a note from primary care provider stating clearance to return to school **before** the student's return. This can be faxed or emailed.
- Parents/Guardians must call the school nurse for clearance. This is to ensure required documentation is in the health office and the student has been symptom free for 24 hours.
- Questions can always be directed to the school nurse for clarification of protocols.

Thank you for your time and be well.

Elizabeth Swagger, School Nurse
